TEKNO EXTRA-LARGE

Instrumente für Fettleibige – Instruments for corpulent patients

Mit dem neuen Instrumentarium **Tekno Extra-Large** bieten wir Ihnen ein überlanges Instrumentarium. Mit diesem sind Sie in der Lage, Probleme auf die Sie bei übermäßig fettleibigen Patienten treffen, zu lösen. Zu kurze Instrumente gibt es nicht mehr.

Die **Tekno Extra-Large** Instrumente garantieren bestes Handling mit der bekannt guten Tekno Qualität.

Bitte beachten: Aufgrund der Überlänge dieser Instrumente sind in diesem Katalog meist nur die Maulteile abgebildet.

*The new instrument family **Tekno Extra-Large** offers you an oversized set of instruments. These instruments are specially dedicated to help you to avoid all kind of problems with corpulent patients, when operating with normal sized instruments. Too short instruments do not exist anymore.*

*The **Tekno Extra-Large** instruments guarantee best handling and the well known tekno quality.*

Please note:

Because of the over-length of these instruments only the jaws are illustrated.
